1. Introduction

This guidance is intended to protect and promote the interests of employees, volunteers and pupils. All adults who come into contact with children and young people in their work have a legal and moral duty to keep children and young people safe and to protect them from sexual, physical and emotional harm. The duty that rests on an individual is to ensure that all reasonable steps are taken to ensure the welfare of a child or young person is paramount.

This guidance aims to:

- Keep children safe by clarifying which behaviours constitute safe practice and which behaviours should be avoided;
- Assist adults working with children to work safely and responsibly and to monitor their own standards and practice;
- Support managers and senior leaders in setting clear expectations of behaviour relevant to the services being provided;
- Give a clear message that unlawful or unsafe behaviour is unacceptable and that, where appropriate, disciplinary or legal action will be taken;
- Minimise the risk of misplaced or malicious allegations made against adults who work with children; and
- Reduce the incidence of positions of trust being abused or misused.

Failure to comply with the principles outlined within this statement and the associated policies and procedures will be addressed without delay in accordance with the Delta Academies Trust (“Delta”) Disciplinary Policy.

2. Roles and Responsibilities

All staff and volunteers are responsible for observing the safe working practices outlined in this policy.

All staff have responsibilities to ensure the safeguarding of children and to ensure that they:

- Work and behave safely and responsibly at all times to fulfil their duty of care and not abuse in any way their position of trust.
- Respond to any concerns about a child’s wellbeing that they may have or are brought to their attention in line with the Academy and Local Safeguarding Children’s Board (LSCB) Child Protection Policy.
- Respond in the same way to concerns that involve the behaviour of other adults in the Academy by following the Academy procedures for ‘Whistle Blowing’ as outlined in the Academy Child Protection Policy (available on the Academy website) and LSCB guidelines.
- Review their own practice and follow Academy policies and procedures and seek advice when unsure.
- Understand that it is professionally and morally unacceptable for staff not to carry out these responsibilities.
- Report any relationships that could place children at harm/at risk of harm.

Academy Responsibilities:

In order for staff to carry out these responsibilities the Academy will ensure that:

- All new and existing staff receive adequate child protection training as laid down in the Academy child protection and other related policies.
- All staff are made aware and reminded of the Academy procedures for reporting concerns.
- Staff concerns and opinions will be sought and taken into account in the regular review of related policies and procedures.
- All staff are aware of the Delta Whistleblowing policy and the associated Academy procedures by which adults can voice their concerns, made in the public interest, without fear of repercussion.
- A safe working environment and guidance about safe working practices is provided.
- Employees are treated fairly and reasonably in all circumstances.

3. Suggested Audience

All staff and Academy Advisory Body (“AAB”) members. As part of their Academy induction or professional development, all staff will apply the knowledge, principles and procedures contained within this policy.

6. Principles

This Academy is part of Delta Academies Trust (“Delta”) and will work within all guidelines produced by the Trust and with all Delta academies to ensure pupils’ health, safety, welfare and well-being are fully safeguarded. This academy is committed to Keeping Children Safe in Education. Each pupil’s welfare is of paramount importance to the academy and the academy will welcome, value and support every child to the best of our abilities and resources. This guidance document describes the standards of conduct and practice that Delta employees and volunteers should follow when working with children.

The following principles apply to all aspects of this policy:

- If no specific advice, policies or guidelines for a specific situation exist or if you are unsure, consult a senior manager (e.g. member of the Academy Senior Leadership Team) to discuss the issue.
- If you need to take a particular course of action in an unplanned circumstance, which may vary from policies or does not allow time for advice to be sought, record these actions with a senior manager.
- If at any time you are concerned that an action or comment by yourself may be misinterpreted or that a child behaves or makes a comment in a way that causes you concern in this respect, log your concerns immediately with the appropriate senior member of staff.

7. Reporting incidents

Employees and volunteers must:

- Be familiar with the academy’s system for recording Child Protection and other concerns about children and young people
- Take responsibility for recording any incident, and passing on information where you have concerns, or concerns are disclosed to you by, or about a child/student. Do this speedily and accurately without unnecessary delay.
- Report any behaviour by colleagues that raises concern.
- Contact the Academy Designated Safeguarding Representative, the Deputy Safeguarding Representative or a member of the Senior Leadership Team immediately (the same day without fail)
