

 @DeltaManorCroft

What a fantastic start to the final half term! It is going to be another busy 7 weeks. Over the upcoming weeks we will have lots to share and look forward to celebrating many successes. This term we will be hosting our final careers session along with sports day, our charity events, and our end of year show!

The poetry competition winners are in! Last half term our year 7 and 8 students produced their own poems in their English lessons as part of the annual Delta poetry competition.

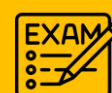

We were blown away by how well they tackled the challenge. It was a tough choice but three students across both years were awarded first, second and third prize. These students will be representing Manor Croft and battling against students from all the other Delta academies. What an achievement!

This Tuesday saw the organisation 'EnergyQuest' come to school to inspire our STEMstars. STEMstars is a new initiative this year designed to reward and encourage students to take part in STEM (science, technology, engineering and maths) clubs, competitions, and events. Through an exciting narrative, students were challenged to save the day by utilising their practical engineering skills to find a solution to help a group of young people in danger.

Key Dates:

- 13th June - Year 9 Athletics
- 15th June - Year 10 Prefects Event
 - Girls Yorkshire Rugby
