

MANOR CROFT ACADEMY CONSENT FOR PHOTOGRAPHS, VIDEO OR SOUND RECORDINGS OF CHILDREN

From time to time the school uses photographs, videos and sound recordings of students involved in school activities and of students who have achieved success. We would like to use these on the school website and twitter account, in newspapers, Delta Trust and Kirklees community information and other publications related to education or other promotional material to inform other students, parents and the community about the school and its students.

We would like to ask your permission to take photographs, or make video or sound recording, which include your child. We are aware that some parents may have reservations about their child being involved in this way and so we have developed the following guidelines which we hope will ensure that we use the photographs and other recordings in an appropriate and responsible way.

Please read the following guidelines, before completing the reply slip below and returning it to the school.

- No student whose photograph appears will be identified by name
- No student whose name appears will be photographed
- No personal or identifying details of any student or member of staff will appear on the Website or Twitter Account
- Class pictures will generally include at least three or more students
- Personal web pages will not be published from school

If you would like any further details about this, or wish to discuss it before making a decision, please do not hesitate to contact the Assistant Principal for Behaviour and Attendance at the school.
