

Careers Newsletter

Careers Day November the 17th saw the first of our careers days for this year. This year was bigger than ever with over 20 providers setting up a stall for our careers fair our careers team and guidance councillor also having a stall. Year 9, 10 and 11 got a chance to spend time visiting all the stalls and talking to providers they had researched. This was perfect timing for our year 11's who begun doing their FE applications. We also have another 5 guest speakers in a range of sectors related to local LMI. This included some of our biggest local companies including Kerry foods, HSL and Mabey hire construction. It was a fantastic day and really beneficial to all those taking part!

Careers Team:

Meet the team. Here is the team that works to support students with their career progression through their time at Manor Croft.
